WEEK ONE STEP BY STEP CHECKLIST.

Please try to complete the following tasks by next week.

Feel free to print this page and check each task as you complete it.

- Find a suitable domain to reflect who you are.
- Register your domain and web hosting with [D9 Hosting](#). I am recommending D9 Hosting for your hosting as I personally know the people who run the company. They understand exactly what lies ahead and are here to help you.
- Login to your web hosting cPanel.
- Install the Wordpress blog system.
- Prepare your blog for editing.
- Update the settings of your blog.
- Write your first blog post, this can be about anything you like, a lot of people write about starting the Partnership to Success program.
- Set up a personal email account. (Optional)
- Continue posting to your blog as often as you like. Just be yourself, post about things such as what you did online today, sites you visited, products you used, sites you like, products you like, marketers you like/respect, **what you learned this week**. All I want you to do for now is get used to writing content.
